County, Facility Number 1407A

Dear Mr. Molchan:

The Department of Environmental Protection has received a request to clarify its position concerning your alleged objection to receiving waste considered to be food processing waste.

The Combe Fill Landfill (formerly the J. Filiberto Sanitation, Inc. Landfill) in Chester Township received approval to accept non-chemical industrial waste in 1972. At that time there was not a separate category for "food processing waste." However, the Department considered "food processing waste" as a sub-category of non-chemical industrial waste. Therefore, please be advised that the Department considers the Combe Fill Landfill approved to accept "food Processing Waste" provided the waste is not bulk liquid or bulk semi-liquid waste.

Should you have any questions, please contact Frank Coolick of my staff, at (609) 292-0240.

Very truly yours,

COMBE FILL CORPORATION

BASED UPON INSPECTION OF THE COMBE FILL LANDFILL ON 2/19/81 IT HAS COME TO THE ATTENTION OF THE N.J. DEPT OF ENVIRONMENTAL PROTECTION THAT COMBE FILL INCORPORATED HAS COMMENCED CLEARING AND OTHER SITE PREPARATION ACTIVITIES IN SWAMPS AND WETLAND AREAS OF THE COMBE FILL LANDFILL IN CHESTER/WASHINGTON TOWNSHIP. THIS ACTIVITY APPEARS TO BE INCONSISTANT WITH THE ENGINEERING DESIGN ON FILE WITH THIS DEPARTMENT AND IF IMPROPERLY DONE MAY RESULT IN VIOLATION OF THE GROUND AND SURFACE WATER STANDARDS OF THE STATE. PLEASE BE ON NOTICE THAT CONTINUATION OF THIS SITE PREPARATION ACTIVITY WILL RESULT IN ENFORCEMENT ACTION BY THIS DEPARTMENT.

SINCE THERE EXIST REMAINING WASTE DISPOSAL CAPACITY IN AREAS OF THE LANDFILL ALREADY FILLED DISCONTINUANCE OF THIS SITE PREPARATION ACTIVITY WILL NOT CAUSE ANY DISRUPTION OF SERVICE FOR SOME TIME.

THIS DEPARTMENT IS AWARE OF THE NECESSITY TO ADDRESS THE POTENTIAL ENVIRONMENTAL PROBLEMS WHICH COULD RESULT FROM DISPOSAL IN THE CONCERNED WETLANDS. IT IS OUR OPINION THAT ATTEMPTING TO RESOLVE THESE POTENTIAL PROBLEMS THROUGH AMICABLE NEGOTIATION WILL SERVE THE INTEREST OF COMBE FILL INC AS WELL AS INTEREST IN PROTECTING THE ENVIRONMENT OF THE STATE.

THEREFORE VIA LETTER TO FOLLOW THE DEPT PROPOSES THAT WE MEET TO DISCUSS POSSIBLE ENVIRONMENTAL SAFEGUARDS AT THIS LANDFILL. SINCE CONTINUED SITE PREPARATION APPEARS LIKELY TO RESULT IN ENFORCEMENT ACTION BY THIS DEPARTMENT AND SINCE SHORT TERM DELAY WILL NOT APPARENTLY IMPACT NEGATIVELY ON LANDFILL OPERATION WE REQUEST THAT YOU VOLUNTARILY DISCONTINUE SITE PREPARATION UNTIL WE CAN SIT DOWN AND TRY TO RESOLVE OUR DIFFERENCES

Dear Conference Participant:

Please excuse the delay in our original date for the publication of the Proceedings of the Conference on Hazardous and Toxic Waste Management. Due to problems beyond our control, the publication will be delivered later than our original estimate. Arrangements are now being made for printing of the proceedings and they should be available for distribution in March or April.

Thank you for your patience.

Very truly yours,

A. J. Perna
